A FAIR WARNING

One That Should be Heeded by Alliance Residents

Frequently the first sign of kidney trouble is a slight ache or pain in the back. Neglect of this warning makes the way easy for more serious trouble—dropsy, gravel, Bright's disease. This is the way to pay attention to the first sign. Weak kidneys generally grow weaker and delay is often dangerous. Residents of this locality place reliance in Doan's Kidney Pills. This tested remedy has been used in kidney trouble over 50 years—is recommended all over the civilized world. Read the following:

James A. Kersey, Chadron, Nebr.,

says: "I had a slight symptom of disordered kidneys. There had been Bright's disease in my family for several generations and I decided to try Doan's Kidney Pills. This medicine soon cured me."

Price, 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mr. Kersey. Foster-Milburn Co., Props., Buffalo, N. Y.

Post M Met Saturday Afternoon Association, met at the office of the commercial club Saturday afternoon. The number present was not large and the regular routine of business was transacted.

YOUTHFUL BURGLARS BROKE FROM JAIL

J. T. Reeves, Jr., and Harry Smith, stole booze from Jail and were Captured in Alliance

J. T. Reeves, Jr., and Harry Smith, the two youthful burglars and genuine bad ones, who robbed a clothing store in Bridgeport three weeks ago and who were captured in Alliance, broke from the county jail at Bridgeport at two o'clock Sunday afternoon and were placed in jail in Alliance that evening by Marshal Wheeler.

The boys escaped by forcing a padlock which held their door in the jail. They were dressed only in shirts and overalls, their shoes and stockings having been taken away from them when confined in the Bridgeport jail. The county jail, in the basement of the Morrill county court house at Bridgeport, is also used as the city jail. Before leaving the jail the boys annexed a portion of a haul of intoxicating liquors which had been seized since Bridgeport went dry and which had been placed in jail for safe keeping. They took with them a gallon of wine and two quart bottles of champagne.

The boys hiked through the fields to the river where Smith drank the gallon of wine. This unfortunate thirst on his part eventually was the cause of their landing in jail again. Reeves is certain that they would have gotten away had Smith not gotten disgustingly drunk and wanted to come back to Alliance to kill the man who gave them away. The two bottles of champagne are still along the river bank north of Bridgeport, unless some thirsty Bridgeport man has found them before this.

The boys boarded a northbound freight at the Northport Junction. They were found on the train by the train crew, who held them until they arrived at Alliance, when they were taken in custody by Mr. Wheeler.

Reeves was interviewed by a Herald reporter before being taken back to Bridgeport. He stated that his father's name is J. T. Reeves, Sr., living at 398 Ocean Avenue, Jersey City, N. J. Smith's home is at Baker, Oregon. They met at Green River, Wyoming, while both were on the tramp. The rode freight trains east as far as Sidney where they were taken in custody and after "putting up a hard luck story" they were taken to the edge of town and told to "hike down the Lincoln highway." Instead of that they went to the Burlington depot and caught a train to Bridgeport, where they robbed the store.

The boys stated that a preacher at Bridgeport had been good to them and had given them hope of getting off with a light sentence for their burglary offense. Smith is the toughest of the two and said he would kill someone if necessary to get even for his fancied wrongs. Penitentiary sentences will undoubtedly be given the youths when tried in district court at Bridgeport.

Suffered From Blood Poisoning
Frank Merritt of the Rodgers Grocery is back at work after a week's layoff caused by blood poisoning in his right hand. It was thought for a time that it would be necessary to amputate a finger but this was not necessary.

INSURE your crops in the Old Reliable Phoenix Insurance Company.

SMALLER CROP PRODUCTION

Government Crop Report for State of Nebraska and United States Shows Smaller Production

Washington, D. C., July 12, 1916.—A summary of the July crop report for the State of Nebraska and for the United States, as compiled by the Bureau of Crop Estimates (and transmitted through the Weather Bureau, U. S. Department of Agriculture) is as follows:

Corn
State.—July 1 forecast, 188,000,000 bushels; production last year (final estimate), 213,000,000 bushels. United States.—July 1 forecast, 2,870,000,000 bushels; production last year (final estimate), 3,054,535,000 bushels.

Wheat
State.—July 1 forecast, 65,700,000 bushels; production last year (final estimate), 66,618,000 bushels. United States.—July 1 forecast, 489,000,000 bushels; production last year (final estimate), 655,045,000 bushels.

Spring Wheat
State.—July 1 forecast, 5,410,000 bushels; production last year (final estimate), 5,536,000 bushels. United States.—July 1 forecast, 270,000,000 bushels; production last year (final estimate), 356,460,000 bushels.

Oats
State.—July 1 forecast, 69,900,000 bushels; production last year (final estimate), 1,540,362,000 bushels. United States.—July 1 forecast, 1,320,000,000 bushels; production last year (final estimate), 1,540,362,000 bushels.

Barley
State.—July 1 forecast, 2,610,000 bushels; production last year (final estimate), 3,255,000 bushels. United States.—July 1 forecast, 206,000,000 bushels; production last year (final estimate), 237,000,000 bushels.

Rye
State.—July 1 forecast, 3,300,000 bushels; production last year (final estimate), 3,500,000 bushels. United States.—July 1 forecast, 44,000,000 bushels; production last year (final estimate), 49,190,000 bushels.

Potatoes
State.—July 1 forecast, 9,390,000 bushels; production last year (final estimate), 11,550,000 bushels. United States.—July 1 forecast, 369,000,000 bushels; production last year (final estimate), 359,000,000 bushels.

Hay
State.—July 1 condition, 95 compared with the ten-year average of 85. United States.—July 1 condition, 97.5, compared with the ten-year average of 85.7.

Pasture
State.—July 1 condition 98, compared with the ten-year average of 86. United States.—July 1 condition, 97.7, compared with the ten-year average of 85.7.

Apples
State.—July 1 forecast, 791,000 barrels; production last year (final estimate), 1,267,000 barrels. United States.—July 1 forecast, 72,500,000 barrels; production last year (final estimate), 76,670,000 barrels.

Prices
The first price given below is the average on July 1 this year, and the second the average on July 1 last year.
State.—Wheat, 83 and 96 cents per bushel. Corn, 65 and 63. Oats, 35 and 42. Potatoes, 95 and 81. Hay, \$5.60 and \$6.80 per ton. Cotton, . . . and . . . cents per pound. Eggs, 17 and 16 cents per dozen.
United States.—Wheat, 92.9 and 102.8 cents per bushel. Corn, 75.4 and 77.7 cents. Oats 40.5 and 46.7 cents. Potatoes, 102.0 and 52.1 cents. Hay, \$12.10 and \$11.70 per ton. Cotton, 12.5 and 8.6 cents per pound. Eggs, 19.7 and 16.8 cents per dozen.

RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system. To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength. Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.

CIVIL SERVICE EXAMS

U. S. Civil Service Commission Announces Examinations to be Held in Alliance

The following U. S. Civil Service examinations are announced for Alliance on the dates given, with the salaries as stated:

July 25, Instrument maker, male, salary \$3.84 per day.
August 1, Miller, male, salary \$900 per year. Topographer, male, salary \$2,100 per year. Assistant Biochemist, male, salary \$2,000 per year. Sawyer and Marine Gasoline Engineer, male, salary \$900 per year.
August 8, Dairy Husbandman, male, salary \$4 to \$8 per day.
August 9, Field Matron, female, salary \$600 to \$840.

Daugherty Made Trip East
John Daugherty of Lakeside returned Monday morning from a trip to the eastern part of the state to visit relatives. He came to Alliance on train forty-one, returning home on forty-four.

SALTS IF BACKACHE AND KIDNEYS HURT

Drink lots of water and stop eating meat for a while if your Bladder troubles you.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

How About the Farmers' Institute?
Farmers' Institutes for the coming season are to be limited to one-day sessions the same as last year, but two speakers being furnished for each point. A point desiring a second day will be furnished speakers if available, at its own expense. However, farmers wishing to schedule a four-day short course may secure it by paying the local expenses. The four-day meeting is supported largely by federal funds, while the farmers' institutes are supported mainly by state funds. Information concerning either a farmers' institute or a short course may be had of the Extension Service, University of Nebraska, Lincoln.

How's This?
We offer one Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

Hall's Catarrh Cure has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Cure acts thru the Blood on the Mucous surfaces, expelling the Poison from the Blood and healing the diseased portions.

After you have taken Hall's Catarrh Cure for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Cure at once and get rid of catarrh. Send for testimonials free. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists 75c. July 6

Information on Water Systems
When installing a water system on the farm, the water supply for the house is frequently overlooked, only the stock is supplied. The College of Agriculture says that water may frequently be had in the house with a small additional expense. Farmers desiring a sketch of a simple water system of their individual needs may secure information upon application to the Agricultural Engineering Department of the College of Agriculture, Lincoln.

Taking Big Chances
It is a great risk to travel without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as this preparation cannot be obtained on the trains or steamships. Attacks of bowel complaint are often sudden and very severe, and everyone should go prepared for them. Obtainable everywhere. July 6

Larger Postal Deposits
Larger postal deposits will now be accepted at the post office. This is made possible by an important amendment to the Postal Savings Act just approved by President Wilson. A postal savings depositor can now have an account amounting to \$1,000 upon which interest will be paid. Formerly \$500 was the maximum amount he could have to his credit. This enlargement of postal savings facilities will be very gratifying to thousands of depositors who have already reached the old \$500 limit and are anxious to entrust more of their savings to Uncle Sam. Another feature of the amendment that will avoid further embarrassment to the public and to postal officials is the doing away with the limit on the amount that could be accepted from a depositor monthly. Under the old law only \$100 could be deposited in a calendar month. The amendment abolishes this restriction. While the Postal Savings System has already proved a signal success as is shown by the fact that more than a half million depositors have over eighty million dollars standing to their credit, still it has fallen short of meeting the full demands of the public because of the restrictions which have now been eliminated. Postmaster General Burleson and Third Assistant Postmaster General Dockery have been tireless in their efforts to secure a modification of the limitations and the new liberal legislation is particularly gratifying to them.

Biliousness and Stomach Trouble
"Two years ago I suffered from frequent attacks of stomach trouble and biliousness," writes Miss Emma Verbyrke, Lima, Ohio. "I could eat very little food that agreed with me and I became so dizzy and sick at my stomach at times that I had to take hold of something to keep from falling. Seeing Chamberlain's Tablets advertised I decided to try them. I improved rapidly." Obtainable everywhere. July 6

What Wages Shall a Telephone Company Pay Its Employees?

What salary is fair for telephone superintendents, managers, engineers, linemen or operators?

We endeavor to pay enough to get capable men and women. Well paid employees are usually the best investment. Inefficient employees are expensive at any price.

We further aim to pay enough so our employees can live comfortably and be able to accumulate something.

If we did not pay our superintendents, managers and other supervisors reasonably good salaries there would be no inducement for younger people in the organization to labor faithfully to reach these positions, and they, having nothing to look forward to and work for, would be much less efficient in their work. Neither could we keep good men from leaving unless we paid them as much as they could get in other lines of business.

Our rates are based upon the payment of a fixed sum for wages, and when wages are raised it means either that our revenues must be added to by an increase in rates or an additional sale of service, or money has to be taken out of the fund intended to hire more employees or which is to be used to otherwise maintain the service at a high standard.

We cannot pay lower dividends than we do and apply that to wages, for then we could not attract new money to the business for making extensions and improvements needed to take care of present and prospective patrons.

It is the money we get from our patrons that we spend in paying our employees, and we think it is right that they should know what our policy is regarding wages.
